Certificate of Analysis

Product	Re:ancel [®] PD-CNF		
Type	2.0 wt% Slurry	Product Code	RE42-B020S2
Lot	250728-PD-002	Final Test Date	2025-08-05
Appearance	Opaque white suspension, Odorless, Aqueous slurry		
Tests	Test Method	Acceptable Specification	Result
Solids	Moisture Analyzer	1.9 - 2.3 wt% aqueous slurry	2.20 %
pH	pH Meter	pH 4 - 6	pH 5.40
Zeta Potential	Zeta Potential Analyzer	≥ 40 mV	Acceptable
Fiber size	Fiber Image Analyzer (MCNF mode)	Width ≤ 3.70 μm	Acceptable
※ Required storage conditions : Aqueous slurry products, store under refrigeration. Do not freeze. / Dry products, store in dry place at room temperature.			

As we Anpoly.Inc., whose manufacturing above products certify that these products are controlled under quality management system and guarantee to these test results.

Date of Certificate : 2025-08-05

Responsible of test performance : Jinseol Cha

Quality Asistant Manager : SunHwa Jung
